

# 2008 MECUM Auction

By Byron Nesheim #9057  
Mecum Auction Coordinator

Mecum High Performance Auctions, the leader in selling Muscle Cars, Corvettes and Hot Rods, will return again this year to the MSRA Back to the 50's Event with their Collector Car Auction, Saturday, June 21st. This is your chance to sell your car or buy the one that has always been tucked away in your mind.

The event, which is open to all Collector Cars is expected to draw well over 230 cars with an emphasis on '50s, Hot Rods and Muscle. The auction will take place in a new area on the Fairgrounds this year, inside the Grandstand just off the Midway. According to Dana Mecum, President of Mecum Auction Company, "The market for Hot Rods, Muscle Cars, '50s and all collector cars in general continues strong and growing with prices reaching all time highs.

This is a good time to sell. There is no question this is a period of enormous growth for all collector cars and it may be time for owners to consider taking a profit."

The auction will begin at 11am Saturday. Cars can be previewed on the auction site Friday and Saturday prior to the auction.

Entries for the auction are now being accepted. You can register to sell or bid by calling Mecum Auction at 815-568-8888 or [www.mecumauction.com](http://www.mecumauction.com) on the web.
