

Cruise-N-Art Craft Fair
By Carol & Bud Clover #4763
Cruise-N-Art Craft Fair Coordinator

Craft Fair registration has begun for 2009. We sent out our applications for the Craft Fair during the first week of January. By the end of January we had already received our first applications by return mail. The applications have been coming in regularly. We check the mailbox every Monday and there are always some in the box. By the end of the 2008 show, we had about 100 crafters who reserved their spaces for 2009.

We are planning for the same workers that we had for the 2008 show to return for the 2009 show. The workers we have are willing to work all day on Wednesday and into the evening on Thursday for set up. It can be very long and tedious work. We need them again on Sunday afternoon and evening to help the crafters move out. We are usually pretty much the last ones to leave the grounds on Sunday evening. These are the crafters who we have received applications from.
